

**LEAD & COPPER RULE MONITORING AND REPORTING VIOLATION  
MANDATORY LANGUAGE - TIER III**

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

**West Harris County MUD 17** has violated the monitoring and reporting requirements set by Texas Commission on Environmental Quality (TCEQ) in Chapter 30, Section 290, Subchapter F. Even though these were not emergencies, as our customers, you have the right to know what happened and what we did to correct these situations.

*We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 01/01/2024 – 06/30/2024 we did not monitor or test for Water Quality parameters and therefore cannot be sure of the quality of your drinking water during that time.*

The table below lists the contaminant we did not properly test for during the last year, how often we are supposed to sample for water quality parameters, how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which the follow-up samples were taken.

Contaminant	Required sampling frequency	Number of samples taken	When samples should have been taken	When samples were or will be taken
<i>Water quality parameters – Distribution System</i>	4 samples between 01/01/24 -06/30/24	0	01/01/24 -06/30/24	2 Samples taken on 09/06/2024 and 2 Samples taken on 11/22/2024
<i>Water quality parameters – Entry point to the Distribution System</i>	2 samples between 01/01/24 -06/30/24	0	01/01/24 -06/30/24	1 Sample taken on 09/06/24 and 1 Sample taken on 11/22/24

**What is being done?**

We are working to correct the problem. For more information, please contact Dorothy Lavine at 832-490-6547.

Samples were collected and submitted on September 06, 2024, and November 22, 2024 bringing the system back to compliance.

*Please share this information with all other people who drink this water, especially those who may not have received this notice directly (i.e., people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*
